

Your Seaside Wedding on Cape Cod

The Corsair & Cross Rip Oceanfront Resort can provide the casual Cape Cod Wedding that you're seeking along with the beachfront setting for your outdoor cocktail reception, ceremony or clambake. Choose from small intimate receptions for 10-80 persons in one of our waterfront or waterview homes, or a tented reception venue for 75-200.

Weddings are special so you will find only one reception on that day—yours. You may rent our facilities to do it on your own or take advantage of our complimentary planning and packaging. It's your choice, and your day at our resort.

Testimonials

You and your staff are absolutely wonderful. You went above and beyond to cater to our every need and then there were all the extra things you anticipated—grills for the barbeque, the extra refrigerator, buckets to hold beer, etc. We couldn't have pulled it off without your help. Also, I am grateful for all the help with the clean up, but again, it was just another way your kind staff went above and beyond. Thank you again for making our wedding weekend better than I could have possibly imagined.

Our stay at the Corsair and Cross Rip was everything and more than we imagined. Ever since I was a little girl I vacationed at the Cape and dreamt of one day being married there. When I came across this location I didn't look any further! The Commodore House was perfect for our small reception and the ceremony overlooking the ocean was breath taking. The staff was so accommodating and friendly to our guests. The rooms were beautiful and comfortable. Everyone couldn't stop saying how impressed they were and how reasonable the rates were! Many are planning to return to The Corsair and Cross Rip in the future with their own families. We have already talked about holding a five year celebration and re-renting the house again—it really couldn't have been more a more perfect day.
